

Muthwani Financial Empowerment Platform (MFEP)

Empowering Youth, Women, and Men with Real Economic Tools

What is MFEP?

The Muthwani Financial Empowerment Platform (MFEP) is a bold, community-first initiative to unlock economic growth and dignity for all residents — youth, women, and men. It replaces token promises with structured access to capital, skills, and job creation.

What Will It Do?

- Support local savings groups (SACCOs and table banking)
- Run business mentorship clinics for small traders, boda boda groups, and artisans
- Offer startup support through capital linkages and grant programs
- Create local jobs via public works like road and lighting projects
- Connect residents with NGOs, microfinance, and private investors

MFEP ni nini?

Mfumo wa Uwezeshaji wa Kifedha wa Muthwani (MFEP) ni mpango wa kipekee unaolenga kusaidia vijana, wanawake na wanaume kupata mitaji, ujuzi, na nafasi za kazi kwa njia ya haki na ya kudumu. MFEP inaleta suluhisho la kweli badala ya ahadi zisizotekelezwa.

Faida kwa Wananchi:

- Kusaidia vikundi vya akiba na mikopo ya mashinani (SACCOs, table banking)
- Kutoa mafunzo ya biashara kwa wafanyabiashara wadogo, waendesha bodaboda na mafundi
- Kuwezesha biashara mpya kupata mitaji na misaada ya kuanzia
- Kutoa ajira kupitia miradi ya maendeleo ya mtaa kama barabara na taa za mitaani
- Kuunganisha wananchi na mashirika ya kifedha, NGOs, na wawekezaji binafsi
